Report Description

This report lists the current permit unit details by process type (Underground Injection Well Disposal, Landfill, Incinerator, Energy Recovery, and Other Processes) and by commercial status (Does not accept waste from off-site generators, Accepts waste from off-site generators, Accepts waste only from related "captive" off-site generators, and Accepts waste from limited off-site generators by special arrangement/agreement) for the user selected criteria specified. The report shows the Handler ID, Handler Name, Process Code and Description, Unit Name, Unit Sequence, Unit Detail Sequence, Legal/Operating Status, Commercial Status, Capacity, Capacity Unit of Measure, Capacity Type, and Permit Expiration Date. This report is designed to assist with the verification of permit data as it relates to capacity assurance planning.
